

Heavy Duty Gates

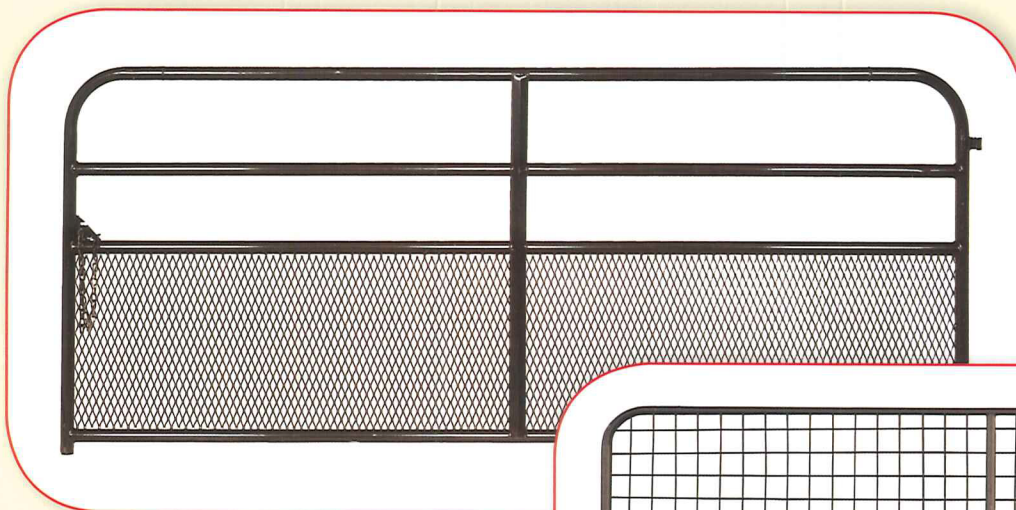

Tube Gate

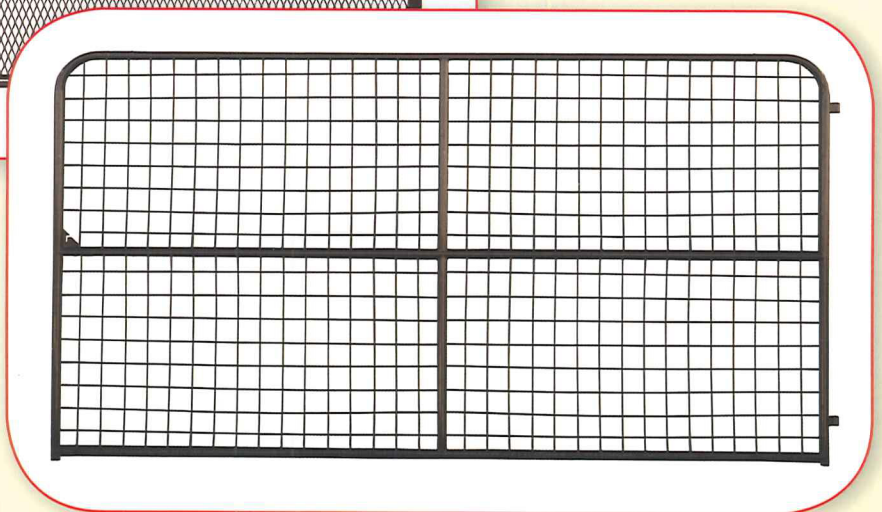

**Welded Clamp
Hinge Mount**

*"Designed to last
a lifetime!"*

All gates are constructed to last a lifetime with high quality steel tubing and 3/4" mesh. High quality welds and durable powder coated finish guarantees you year after year of enjoyment. The standard color on all gates is black.

Half-Mesh Gate

Deer and Game Gate

Hinges

Heavy, duty galvanized hinges mount your gate securely on your gate post.

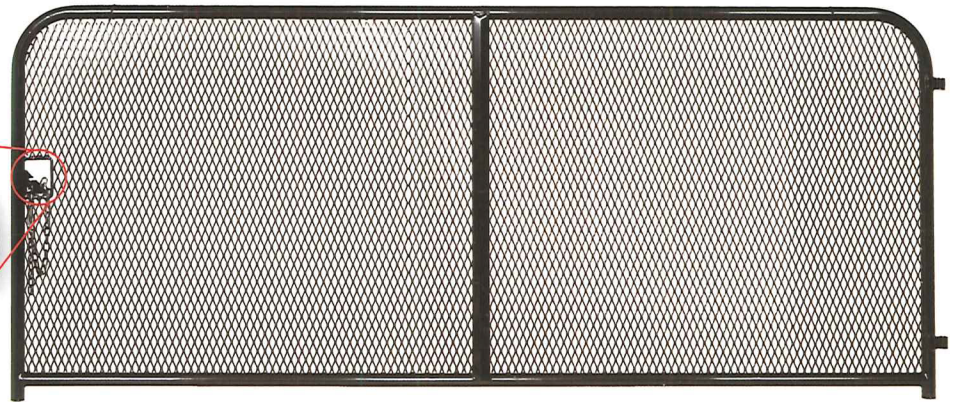

Lag Hinges

Bolt Hinges

**Steel-Framed
Hand Hole**

Full-Mesh Gate

"Frustrated with scraping your hand on steel mesh every time you open your gate? You'll love our smooth steel-framed hand hole!"

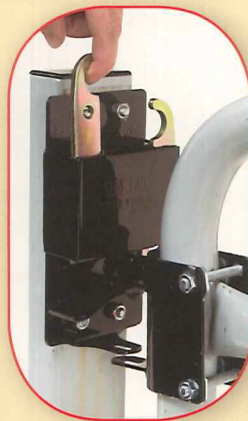

Latches

**Lockable One-Way
Livestock Gate Latch**

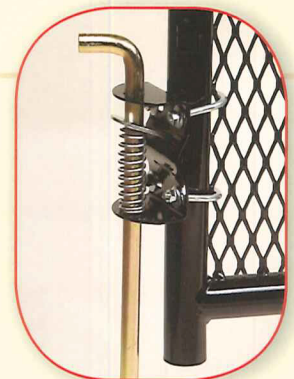

Latch allows gate to swing in one direction. It's easy one-handed operation has no springs to wear out and will prevent gate from sagging or swinging.

Both of these latches are galvanized and powder coated for extra longevity.

**Lockable Two-Way
Livestock Gate Latch**

Innovative positive action, gravity held latch with no springs to rust or lock up. Easy one-handed operation can even be opened from horseback. Latch will release to allow gate to swing in either direction and can be padlocked for additional security. Solid latch prevents gate from sagging or swinging.

Gate Anchor

Holds gate open in any position while you drive, walk or run livestock through the gate. Anchor locks in position at any height to prevent gate from sagging or swinging while open. May also be used horizontally as a slide latch.
